

Name: _____

Period: _____

Your claim should state that there are many differences between the Paleolithic and Neolithic eras. Your claim will eventually go at the end of your introductory paragraph. For right now, try and create a claim in the box below.

CLAIM:

You **need 3 pieces of evidence** to support your claim. Your pieces of evidence come from the game we played and the notes you took as a group. Use your review packet to choose 3 pieces of evidence. Place them in the evidence boxes below (Your source is the board game). The analysis is an explanation as to what the evidence shows or proves. Ask yourself these two questions: Why is this evidence important/what does this evidence prove? Write your answer in the analysis box. Be as specific as you possible can!
