

GOOGLE MAP PRACTICE

1. Go to google maps: This is an option on your google apps in drive (the gray squares in the right hand corner=scroll down if you do not see)
2. Click on the lines in the upper left hand corner and choose “your places”
3. Click on the “maps” option
4. Scroll to the bottom and choose “create map”
5. Explore and practice the options
 - a. You need to find out how to insert a picture and a caption
 - b. You need to find how to plot a pin
 - c. You need to figure out how to draw a line between locations

ASSIGNMENT: Where do you want to go??

You need to plot 10 locations! Choose anywhere in the WORLD!
Research 5 of those locations

Plot the location:

1. Add a picture of the place
2. Add a custom icon
3. Add brief description of the location (3 sentences at most!)
4. Try and plot a line from one location to the next
5. Have fun with it!
